„THE TAVERNS OF TIEFENTHAL”

The choice of Pilsner Urquell beer is no accident. It's the result of years of beer travels around the world and "field research."
It can be summed up in one sentence: good everywhere but best in Pilsen.

Pilsner Urquell – the original source, the number one brand for over 180 years, the model for Pilsner-style beers belonging to lagers, the most popular beer category. Its mild and light nature makes it a perfect accompaniment to many dishes. It also makes an excellent standalone "dish," especially when served in the traditional Czech style as Hladinka.
Pilsner Urquell is Czech national pride and a symbol of beer culture.
The authenticity of beer culture in the Czech Republic remains unmatched.

WINES

Our wine selection is a tribute to our region. The finest flavors are born at the foot of Lower Silesia's sacred mountain. The vineyard near Mount Ślęża produces high-quality wines, taking particular pride in its Gewürztraminer — a grape variety brought specifically from Alsace that has thrived on the slopes of Mount Ślęża.
